Abstract

The research's title: The educational significances, derived from Al- Ma'un sura, and their applications on the families and society".

The researcher's name: Jaber Ben Meshabab Ben Salman Al-Kasi Al-Gahtani.

The research's aims: Thei study to deduce the educational contents of Alma'un sura and their applications on the families and society.

The research's methodology: The descriptive deductive method.

The research's chapters: The research is divided into fife chapters ad the following:

The First Chapter discusses the research's plan, including the introduction, the research's subject, questions, aims, importance, methodology, terms and the previous studies.

The Second Chapter shows the sura importance, its subjects, and educational contents of the sura.

The Third Chapter shows the educational contents, deduced from the sura, its worshiping and ideological tendencies. This sura shows the denying with religion, hypocrisy, and forgetting prayers.

The Fourth Chapter is about the social educational contents in the sura, when Almighty Allah talks about dealing with orphans, poor, and dealing with the others and the social applications of these social situations.

The fifth chapter is conclusion showing the most important findings, references, and resources.

The most important findings of the research come as the following:

1. The short sura of Alma'un is full of educational and social values, which are very useful in the lives of individuals and society in life and afterlife.
٢. The sura includes contents that are more educational and their applications in the ideological, social, and worshiping tendencies.
٣. Believing in afterlife makes Muslim more desirous in performing the religious worshiping rites, and increases the Muslim unity, relation, and coherence.
٤. The good intentions to almighty Allah and all the works performed in life is the foundation of accepting these works.

The most important recommendations and suggestions:

1. It is very important to encourage the educational researches deal with the Holy Quran's suras and verses, analyzing looking for the contents of these suras an data last spreading the findings to make people benefit more.
٢. It is very important to focus on the foundations and principles of Islam in our methods of education to deal with our sons, daughters orphans and poor with pity and honoring.
٣. Studying the elements of denying person with the Day of Resurrection to be a complete study showing the full tendencies of these persons.
